## Weekly Update

He shepherds. We shape. They shine!

May 14, 2012

Wow! Thank you to all who brought flowers for our May Crowning! We enjoyed having parents join us for the May Crowning and the living rosary. The children did a great job reciting the prayers. What a beautiful way to show our love for Mary. The children are welcome to bring fresh flowers throughout the month so that we can refresh the bouquets.

This week we celebrate the 90th anniversary of the apparition of the Virgin of Fatima. On May 13, 1917, three shepherd children at Fatima in Portugal, Lucia dos Santos (age 9) and her cousins, Jacinta (age 7) and Francisco (age 6) Marto, saw the apparition of the Blessed Virgin Mary. They were told to pray the rosary for world peace. This is a good message for us today.

Third grade students are enjoying using their new Nooks! Mrs. Lyke, Mrs. Rooze, and Mrs. Bordenet wrote a grant that enabled them to purchase e-readers to use with their students. Mrs. Farrell has been using her Nook with her class all year, too.

This has generated much excitement as the students look forward to learning with their new technology! Next we will share how Mrs. Bordenet's class is using their Nooks and what activities the kindergartners in Mrs. Sexton's room are enjoying as they work with their new iPad!

## MARSH

We were able to order toys for our students to enjoy at recess through points at Marsh. We earned over 19,000 points with just 32 families participating. Please be sure to sign up so that our school can benefit from your grocery shopping! Our goal for next year is 30,000 points! Just enter our school number (29135) along with your Marsh number on your card to help us earn more points! Every little bit helps us to provide needed supplies. Thank you!
